Due to the current Pandemic and Lockdown situation, it has not been possible for many hospitals to provide treatment with full services. At such a time, it has been a great help blessing to all of us as Dr BBCI has continued its all services. My father is a case of Multiple Myeloma and due to the continuation of the treatment here, his condition has greatly improved. I would like to convey my heartfelt gratitude to all the Sirs, Madams, Nurses and support staff for all the help at this hour and time.

I had heard from my other friends that Dr. B. Borooah Cancer Institute is good hospital for cancer treatment and many of my known cancer patients who underwent cancer treatment at BBCI have recovered. During the Corona virus pandemic, as the hospital is providing services to the patient, we are very happy as we will be able to get treatment of my Father-in-law in this esteemed institute who is suffering from Ampullary growth. We went to another hospital but were unable to register our file there. So, we came directly to BBCI and am happy with the response here.

Jiban Chandra Baruah, 54yrs/M, H.No. GF/02986
Darrang, Assam

I am currently taking treatment at Dr B. Borooah Cancer Institute from 21/04/2020 and am staying at the Institutional Guest House (Jironi Ghar). The environment at Jironi Ghar is very good but I am facing some difficulty with the water supply. Hope it will get settled in the near future.

On the other hand, I feel very blessed to be able to continue treatment during this Lockdown period and am happy with the behaviour of the hospital staff. Personally, I feel this Institute is one of the finest cancer centre in the entire country.

We were unaware regarding the on-going hospital services during lockdown and hence enquired in the hospital helpline number. We were happy to know that hospital is providing all necessary treatment regarding patient treatment. So, we hired a vehicle and came to BBCI.

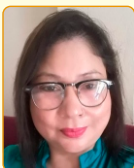

After necessary consultation with our doctor, we were able to do our investigations properly as all the departmental activities were going on as before. But, there is a delay in delivering some reports and we understand that this is due to the current Lockdown situation.

I am undergoing treatment at BBCI since May 2019 and underwent chemotherapy and radiation. For the last two months, I am staying at BBCI Jironi Ghar and continuing my treatment. During this Lockdown period, it was difficult for us to financially as our money was almost exhausted

and could not arrange money from home due to Lockdown restrictions. But due to the BBCI Guest House (Jironi Ghar), it is helpful for us to stay here at a minimal rent and continue my treatment. Also, I want to add that I am able to continue my treatment free of cost under Assam Gas Company Limited (AGCL) – Aparajaya scheme.

Kiran Handique Gogoi, 46yrs/F, H.No. GF/01031

My words will not be enough to appreciate the doctors and medical team of BBCI. In this toughest moment of COVID-19 outbreak and Lockdown period, my treatment has been running successfully and I am very satisfied with it. The dedication and care extended by the team is highly

laudable. The cleanliness of the hospital has made me feel at home. Today, I feel better and happy.

Doctors are experienced and very co-operative with the patient. However, the process is a bit slow. We stayed at Jironi Ghar-II (BBCI Guest House). The environment is good and is helpful for us to get treatment from here during the Lockdown period. I took both radiation and chemotherapy.

Doctors and Nurses are well-mannered but some of the ground-staff are unprofessional. So, the management of BBCI should take care so that it will be helpful for all patients. Overall experience at BBCI is good.

I have been staying at Jironi Ghar and taking treatment at BBCI since March, 2020. Due to Lockdown, we have faced many problems financially due to transportation restrictions. I have also heard that many patients could not come to take treatment due to shortage of vehicles. So, I feel blessed to be able to stay at Jironi Ghar and continue my treatment. I thank hospital staff for all the support and help.

In the midst of our own battle against cancer, we had to face another new situation in the form of Corona virus and Lockdown. This created a lot of fear and anxiety amongst us, because we thought our child's treatment will be stopped. But, to our great relief, the chemotherapy of our son continued as before, and we are very happy and satisfied.

Dipti Bora, 45yrs/F, H.No.GE/10665

I am a patient of Breast cancer. There has been much fear and apprehension among cancer patients all over the country as treatment is hampered due to Lockdown. During this period, I am happy that BBCI has been continuing all its medical services. I have been staying at Jironi Ghar and taking Radiation. I am happy with the facilities at Jironi Ghar. I am thankful to all the doctors, nurses and staff of the hospital for their support and co-operation.

I underwent surgery for my tongue cancer at BBCI. I am happy that my post-operative follow-up and care was not hampered due to Lockdown. I also got appointment for Radiation therapy following surgery which is going to start very soon. Also, the benefits received from Atal Amrit Abhiyaan were a huge financial relief. I am thankful to BBCI for everything.

Wanpyn Khaw Marwein (Attendant), 4yrs/M, H.No.GD/07291, Shillong, Meghalaya

I want to express my gratitude for the care that my son received at BBCI. I applaud the humility and professionalism of all staff involved in my son's care. The treatment that we received here significantly eased our pain and anxiety that we were going through. I am grateful to BBCI for helping us when the whole world is under Lockdown. I also like to take this opportunity to thank St. Jude's Children Home for giving us a place to stay during these trying times.

Raju Borgohain, 62yrs/F, H.No.GF0062

My wife is a diagnosed case of CA left breast. After surgery and chemotherapy, she is currently taking Injection Trastuzumab and Pertuzumab. Due to the Lockdown, we faced many problems in procuring the costly Pertuzumab which was due on 25.04.2020. But, Mr Tarun Sonowal of Palliative home care team of BBCI went out of the way to deliver the medicine to us and my wife could take her medicine on her due date. In this context, I want to draw attention of patients/people that doctors and staff at BBCI will go out of the way to help their patients in such difficult and extra-ordinary situations. (As told by the husband, Dr G.S. Borgohain)

Syed Khaya Baba, 52yrs/M, H.No.GF/00466

My father is undergoing chemotherapy at BBCI. The benefits which we were receiving through Ayushman Bharat Scheme earlier are being continued during Lockdown as before. We are getting all necessary services and treatment during this period at BBCI and I am very thankful for this. Also, the various protective measures that have to be taken during this pandemic were taken care of by the hospital administration and we are very satisfied.

Zalaruddin Khan, 48yrs/M, H.No. GF/02055

I am undergoing radiotherapy for Gall bladder cancer at BBCI. The hospital staffs have been very helpful and supportive during this Lockdown period. They are also taking all measures to check COVID-19 spread by checking body temperature and providing hand sanitizers to all people entering the hospital campus. We are very satisfied with the hospital services.

We had first come to BBCI on 20.02.2020 for the treatment of my mother. Thereafter, the treatment was started and we are very happy about it. We are especially relieved that the treatment continued even in the midst of Corona pandemic as we were a bit concerned. We got support from all hospital staff whenever we needed. I am very thankful to BBCI for everything.

We are from Dhemaji which is quite far away from Guwahati. During this Lockdown period due to Corona virus, we are lucky that BBCI is running all the facilities for the patients undergoing treatment here. We are also happy to share that we got most of the services free under Atal Amrit Abhiyan scheme. Lastly, I would like to say that Guest house facility of BBCI is very helpful as we are able to stay here safely at a nominal rent.

My child is suffering from Leukemia and she is undergoing treatment at BBCI since 23.09.2019. We were a little worried about treatment continuation when Lockdown was announced but were relieved to find that treatment was not hampered during this period. Also, when my child required blood transfusion during this Lockdown, it was provided from the BBCI Blood bank free of cost. We are also blessed to benefit from the Assam Gas Company Limited (AGCL) – Aparajaya scheme.
